## Recreational Sports Flooring

**Tecno Tile** is a perforated thermo-plastic sports surface, made up of small interlocking tile modules. Tecno Tile has been designed and chemically formulated to withstand global weather extremes, whilst its unique self-draining surface makes for all weather play outdoors, while still being ideal for indoors.

Its unique design and cushioned properties help prevent fatigue and injuries caused by playing on hard surfaces such as tarmac or concrete.

### Ideal for

- Playgrounds
- Industrial Flooring
- Multi Sports Surfaces
- Marine Decking
- Exhibition Flooring
- Health clubs / Gymnasiums
- Swimming Pool Surrounds
- Grass Erosion Control

Tecno Tile comes in a range of colours and is ideal for forming logos, letters, numbers or individual designs and whilst being virtually maintenance free, it is the ideal solution for your permanent or temporary surfacing needs.
